## NEWS FROM THE BRIDGE

on behalf of the Captain Tihomir Muzic

At the first light of dawn as we approach the entrance of the port, where the Costa Deliziosa is scheduled to arrive at 07.30am, the vast city of Athens will be visible. Piraeus is a city situated 10km from the Greek capital Athens. It is the largest port in Greece and one of the largest commercial ports in Europe. Its importance in Greece dates back to ancient times, in particular from the fifth century B.C. when fortified by Themistocles. It became the main port of Athens and became a great contribution to its economic and military growth.

We are scheduled to depart from Piraeus at 4.30pm.

After the departure the coast of the Peloponnese will be visible on the right hand side of ship. Later in the evening, you can see on the right hand side

## PORT INFORMATION

Piraeus (Athens) - Greece

Athens is the capital of Greece and the birthplace of Western philosophy. Only a small but very important part of its glorious past is visible today, including the Acropolis with the Parthenon and the Agora where the day-to-day public and social life of the city occurred, along with the Temple of Hephaestus. The Acropolis Museum contains everything that has been found on the Acropolis site, and is located close to the Odeon of Herodes Atticus, the Theatre of Dionysius and the Stoa of Attalos. Not far from Athens is Cape Sounion where the Temple of Poseidon looks out across the Aegean Sea.

### GOING ASHORE:

Exit: deck A (forward and middle of the ship)

Necessary Documents: Costa Card

(we would like to suggest to all of our guests to carry with them their passport or a copy of their passport)

## TRANSFER TO ATHENS FOR JUST 20 EUROS!

For everyone wishing to discover the Acropolis of Athens by themselves, the last places are available for a non-guided transfer at a cost of just 20 Euros. The tickets are available directly by the buses.

## SECURITY CONTROLS

As required by International legislation, when you return on-board you will be required to go through a metal detector and pass your hand luggage through an x-ray machine. For your safety, we ask you to co-operate and remove any metallic objects from your pockets during the inspection. We remind you that it is not permitted to bring the following articles on-board: arms and ammunition, explosives, compressed or liquified gas, infectious and poisonous substances, corrosive and radioactive substances, objects that could be used as weapons, pointed or cutting instruments, or any other instrument which could clearly be used to harm a person. We therefore ask you to avoid purchasing antique weapons, knives, daggers, swords or similar objects during your mainland excursions. If any of these objects are found in your possession, ship security will ask you to leave it ashore.

Guests participating in a private tour (not a Costa excursion) and individual guests going ashore, should make sure to be onboard by the all aboard time. In order to reach the next destination the ship will depart on time.

## EXCURSIONS (Departure meeting point is located behind the terminal directly on the bus parking)

We invite all guests going on excursions to go DIRECTLY TO THE PIER MAXIMUM 10 MINUTES BEFORE the departure time of the named/numbered bus. Please remember to have your EXCURSION TICKET and COSTA CARD in your hand as you proceed to the buses. We recommend groups of friends or families come together.
